Chronological History:

Date	Type	User	Activity Status			
01/09/2014	File Update - Open Case	Alex Wykoff				
Comments:	Staff observation of numerous commercial truck trailers parked in the rear parking lot of the commercial office building occupied by Apple Inc.					
I did a site visit and observed approximately twenty large commercial truck trailers parked (without trucks) in the rear lot. Photos taken from the adjacent property.						
I researched the address and determined that an active building permit is on file for that address. I called Jackie HORTON from Apple who confirmed there are tenant improvements in progress and the trailers are storing all office equipment as the building is undergoing extensive interior renovation.						
I spoke to Gary CHAO who advised Apple would need to obtain a temporary use permit or remove the trailers. I will follow up.						
01/16/2014	File Update - Comments	Alex Wykoff				
Comments:	Spoke to HORTON with the status that to keep the equipment on site, a temporary use permit is required. I e-mailed HORTON the application information and instructions. Will await submittal.					
02/04/2014	File Update - Comments	Alex Wykoff				
Comments:	After several e-mails for information clarification for the project, the temporary use permit application was submitted and fees were paid. File forwarded for entry by clerical.					
02/06/2014	File Update - Comments	Alex Wykoff				
Comments:	Received file to make an addition to the project description. Resubmitted to clerical for processing.
